

### Kaltenbach KB 360 Series Bandsaws

The KB 360 range of miter cutting bandsaws have universal set-up possibilities when cutting structural or solid steel. When equipped with a material feed unit, small or large production runs can be cut. Reliability, simplicity, and low maintenance requirements were priorities in designing this machine. Sawband drive with frequency regulation for optimum performance and reliability.

Model	KB 360 G Semi-Automatic	KB 360 A G Automatic
Blade	12'6" x 1" x 0.035	12'6" x 1" x 0.035
Round 90	12	12
45	10.4	10.4
30	6.9	6.9
Rectangle 90	14.17 x 12	14.17 x 12
45	10.4 x 12	10.4 x 12
30	6.9 x 12	6.9 x 12
Weight (lbs)	1,540	3,200
Power (HP)	3	3
Cutting Speeds (SFM)	59 – 393	59 – 393
